

Sexual and Reproductive Health GP Webinar Series

Northern Queensland Primary Health Network (NQPHN) has partnered with Mackay Hospital and Health Service to deliver an interactive webinar series. Specialists and peak bodies will address local issues for the management of sexual and reproductive health.

Session 1: Preeclampsia Update

Presented by Dr Marwan Shawki

- Improve knowledge of trisomy screening options.
- Introduce new screening test for severe early onset preeclampsia, and how to introduce this to practice.
- Improve primary prevention of severe early onset preeclampsia.

Session 2: MTOP in General Practice

Presented by Children by Choice and Iris Education

- Outline the approach for the provision of MTOP in General Practice.
- Identify relevant resources and support services for patients seeking TOP and for providers of MTOP.
- Gain awareness of current MTOP practices across a range of different settings.

Session 3: Sexual Health Update

Presented by Dr Clare Heal

- Demonstrate confidence in discussing sexual health with patients.
- Explain the importance of screening and testing for STIs and BBVs.
- Describe contact tracing and its key role in managing STIs.
