Want to learn more about the complex world of alcohol and drug use?

“The Starter Pack” is a free educational package designed to assist general practice managers, practice nurses, Aboriginal Health and Social and Emotional Wellbeing Workers and practice reception staff to build the knowledge, skills and confidence to effectively respond to patients experiencing problematic alcohol and other drug (AOD) use in Queensland.

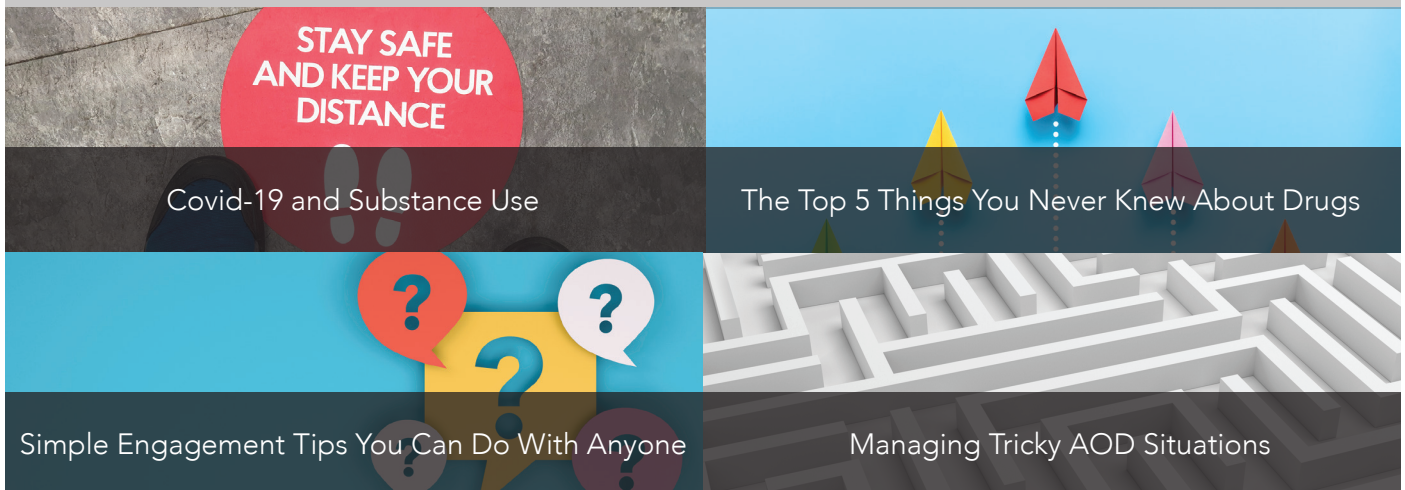

Here’s what’s on offer..

Free eLearning: An Introduction to the World of Alcohol and Other Drugs

A brief introductory eLearning module covering key concepts and principles relating to alcohol and other drug use and society.

Series 1 in our 30 minute lunchbox webinars including...

Sign up to participate in our second series of lunchbox webinars
(or watch them on-demand a few days later)
