Louise Webber

Jules Aitken

A Holistic Approach to Wound Management

Port Douglas | 30 Jan - 04 Feb 2022 | 24 CPD Hours

(24 CPD Hours)

The Presenter:

LOUISE WEBBER

Masters Nursing Science (Nurse Practitioner), BA (Hons), RN

Louise has over 20 years' experience in wound management established her own Private Practice (Wound Therapies) following completion of her Nurse Practitioner in 2014. She has worked across several public hospitals and Community Nurse Settings both in Australia and overseas.

She works collaboratively with several Aged Care Providers, private hospitals and Community Nursing Services and runs 2 specialist wound clinics for a GP Practice and Just Skin (Maroochydore) that specialise in Superficial Radiation Therapy.

Louise was previously an Honorary Clinical Fellow for Australian Catholic University having participated in several research projects leading to publication. She is passionate about wound care and striving for best practice and has participated in several international working groups for Pressure Injuries and Leg ulcers.

She is a mum of two teenagers, loves the Sunny coast lifestyle and attempting to play golf!

JULE AITKEN

MSc (Nurse Practitioner), RN, CDE

Jules Aitken is an Endorsed Nurse Practitioner specialising in Diabetes, Chronic Disease and Weight Management. She attained her Masters of Nursing (Nurse Practitioner) at Queensland University of Technology (QUT).

Jules is also a registered Credentialed Diabetes Educator (CDE) registered with the Australian Diabetes Educators Association (ADEA) gaining her Certificate of Diabetes Management at the University of Technology Sydney. She has worked within the diabetes, chronic disease and weight loss management field for over 15 years.

Working both independently and within specialist clinics, Jules coordinates the care of clients with complex diabetes, chronic conditions and weight loss. She has participated in research projects involving chronic disease management, weight loss and diabetes and has presented at nursing, allied health, medical and community events at local, State and National level.

Jules is a mentor for diabetes educators with the Australian Diabetes Educators Association and also provides education and mentorship for student nurses, EENs, RNs and other health professionals within private organisations.

Jules has worked with local, State and Federal government organizations most notably a Primary Care Network as a member of a working committee establishing health pathways for aged care, diabetes and chronic pain and also as a member of their quality improvement committee.

Louise and Jules look forward to sharing not only their many years of clinical experience but also to facilitating opportunities for attendees to share experiences and challenges with each other. There will be lots of fun to be had within the learning environment.
