## Event Speakers

### Special guest speaker, Dr Dustin Sulak, USA

Founder of Integr8 Health, a medical practice in Maine, USA providing specialty cannabis and integrative care to thousands of patients, and Healer.com, a medical cannabis education resource. Dr Sulak is a passionate teacher of clinicians, patients and industry professionals, and sits on the board of directors of The Society of Cannabis Clinicians

### Mrs Lucy Haslam Qld

Co-Founder and Director, United in Compassion Ltd. Following the diagnosis of stage four bowel cancer for her youngest son Daniel, Lucy embarked on a mission to educate herself and the Australian audience about the therapeutic properties of cannabis

### Mr Justin Sinclair NSW

Chief Scientific Officer (ANTG). Pharmacognosist, Board Member of the Australian Medicinal Cannabis Association (AMCA), and United in Compassion's scientific advisory board

### Dr Matty Moore WA

General Practitioner / Education Advisory Committee, Society of Cannabis Clinicians Australian Chapter (SCCAC)

### Dr David Gunn NSW

General Practitioner / Education Advisory Committee, Emerald Clinics, Society of Cannabis Clinicians Australian Chapter (SCCAC)

### Dr Joel Wren SA

President, Society of Cannabis Clinicians Australian Chapter (SCCAC)

### Dr Tamara Nation Vic

General practitioner, medical educator, medicinal cannabis prescriber and public health advocate who has an interest in complex and chronic illness especially in the area of women and children's health

## Learning Outcomes

### By the end of this event, you will be able to:

- Discuss the history of cannabis with relation to historical medicinal use, prohibition and reinstating its medicinal value
- Describe the Endocannabinoid System (ECS), its components and its role in the physiology of other bodily systems
- Outline list of actions for common cannabinoids and terpenes
- Select appropriate dosage form and administration of cannabis based on patient presentation/symptoms and desired outcome (i.e. duration of effect and potency)
- Outline cannabis-specific drug interactions and common side effects
- Describe the available prescribing pathways for pharmaceutical cannabis in eligible patients
