

ONLINE PUBLIC SEMINAR

Unzipping the Taboo: Undressing sexuality and intimacy as part of cardiac care

Wed 2 November 2022 | 7.00pm to 8.30pm (ACDT) | Zoom

The Country Heart Attack Prevention (CHAP) Project in conjunction with the Freemasons Centre for Male Health & Wellbeing are pleased to provide this online seminar for consumers and clinicians to be part of a discussion about sexuality and intimacy after a cardiac event.

The main speaker is Prof Gary Wittert, who is the Director of the SA Division of the Freemasons Centre. He will present on this topic and discuss clinical guidelines, recommendations and lifestyle factors that can help. There will also be a consumer perspective and a panel discussion with the following specialists who can answer your questions:

- Prof Gary Wittert, Physician, Freemasons Centre for Male Health & Wellbeing
- Mr Frank Circelli, Cardiac Nurse, Limestone Coast LHN
- Assoc Prof Ivanka Prichard, Psychologist, Flinders University
- Dr Lemlem Gebremichael, Pharmacist, CHAP Project
- Assoc Prof Brett Gordon, Exercise Physiologist, La Trobe University
- Ms Lauren Stribley, Accredited Practising Advanced Sports Dietitian
