

Advanced Paediatric Palliative Care Workshop

End-of-life communication 14th June 2024

Full day workshop 0800 – 1630hrs
Queensland Children's Hospital Auditorium

Please note this is a face to face event only.

The 2024 Workshop Theme: Each year, the workshop focuses on a distinct theme. For the year 2024, the theme is Pediatric End-of-Life Communication.

Requirement: Recent completion of any PPCS or QuoCCA education event.

Overall Learning Aim: To provide competent and compassionate care to children, young adults, and their families who require end-of-life support.

Relevance: The Advanced PPC Workshop is aimed at all healthcare professionals with experience in supporting children and young people with PPC and end-of-life care needs, and their families.
