

Joint Regional Needs Assessment

You're invited to a stakeholder dinner

Help shape a health care system for your region

Northern Queensland Primary Health Network (NQPHN) in collaboration with Torres and Cape Hospital Health Service (HHS), Cairns and Hinterland HHS, Townsville HHS, and Mackay HHS are collectively working on a Joint Regional Needs Assessment (JRNA) to identify the health needs and service gaps within our region.

We would like to invite key stakeholders from the Townsville and surrounding regions to join us over dinner to:

- provide a project update
- share key project data insights
- review qualitative feedback we have gathered to date via our survey and engagement with community

We will then open the floor to a Q & A session.
