

Medical-Objects demonstration

Webinar for general practices

Northern Queensland Primary Health Network (NQPHN), together with [Medical-Objects](#) invite general practice staff to attend a 30-minute webinar, featuring a live demonstration on the functionality of Medical-Objects.

Medical-Objects Pty Ltd is at the forefront of secure messaging services in Australia and New Zealand, providing easy to use, real-time secure messaging software to a range of healthcare providers and making the transfer of clinical correspondence a reality.

Medical-Objects offer a variety of helpful resources

- [Referral client training](#) videos and user guides.
- [Using the referral client](#) guide.
- [Send direct from Best Practice](#) guide.

Participants can ask questions at the end of the webinar, which will be recorded for later access.

Please note: For access to the Mater eConsultant program, practices will need to have access to Medical-Objects send and receive function.

NQPHN is offering funding for the first year of an annual subscription to general practices not currently using Medical-Objects. [Learn more.](#)

Date

Friday 13 September 2024
