Northern Queensland's health and wellbeing is a priority. Over the next 12 months we are working to develop an updated comprehensive Joint Regional Wellbeing Plan that reflects the current needs and priorities of our communities.

This plan will guide the sector and broader stakeholders through articulating local needs and identifying opportunities to improve the lives of northern Queenslanders.

Your input to this plan is crucial. Let your voice be heard!

To create a comprehensive and impactful plan that truly reflects the needs of our community, NQPHN and Townsville HHS invite the **Townsville State Government Human and Social Services sector** to participate in consultation sessions.
